# Introduction

---

## Mission

To be a leading provider of high-quality equipment, products, and services to the oil and gas and construction industries, fostering long-term partnerships through integrity, reliability, and excellence.

---

## Vision

To contribute to the sustainable development of the energy and infrastructure sectors by delivering innovative and cost-effective solutions.

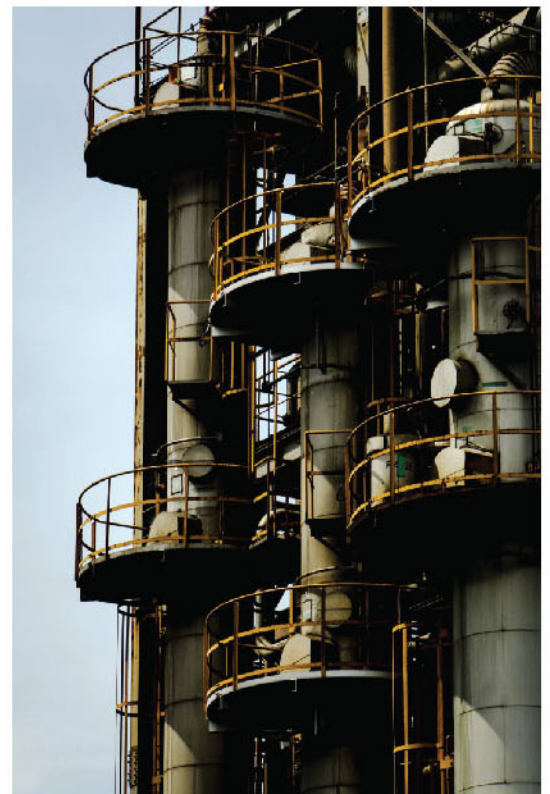

---

## Core Services & Products

Al Huqul Al Daima specializes in the supply of:

### Oil & Gas Industry Equipment and Products:

- Drilling equipment and consumables
- Production equipment and supplies
- Pipeline materials and components
- Safety equipment and PPE
- Chemicals and additives
- Instrumentation and control systems

# Our Strengths

---

## Extensive Network

We have established strong relationships with reputable manufacturers and suppliers, enabling us to source high-quality products at competitive prices.

## Industry Expertise

Our team comprises experienced professionals with in-depth knowledge of the oil and gas and construction industries, ensuring we understand and meet our clients' specific requirements.

## Quality Assurance

We are committed to providing products and services that meet the highest standards of quality and safety.

## Reliable Logistics

We have a robust logistics network that ensures timely delivery of products to our clients' locations, even in challenging environments.

# Our Strengths

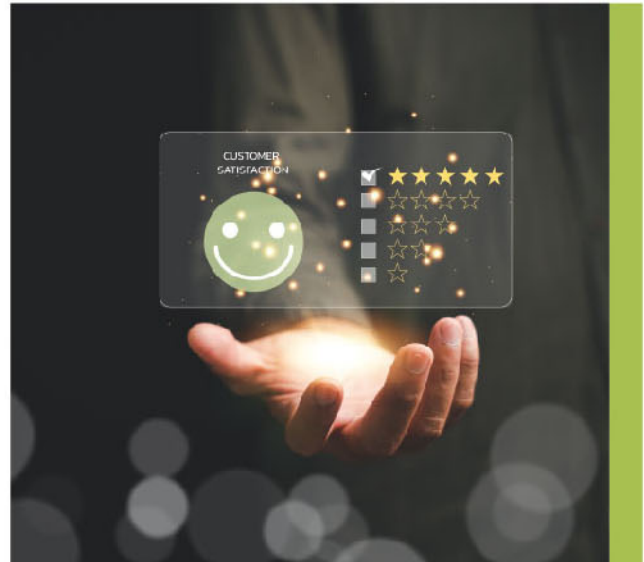

---

## Customer Focus

We prioritize customer satisfaction and strive to build long-term partnerships by providing personalized service and support.

## Adaptability

We understand that the oil and gas and construction sectors are dynamic, and we are adaptable to meet changing market demands and technological advancements.

## Commitment to Excellence

Al Huqul Al Daima is driven by a deep-seated commitment to continuous improvement and innovation, ensuring we consistently deliver exceptional value to our clients and stakeholders. This commitment is embodied in the following key principles:

## Maintaining Ethical Business Practices

### Transparency and Integrity

We conduct all business dealings with the utmost transparency and integrity, fostering trust and accountability. This includes clear communication, honest representation, and adherence to all applicable laws and regulations.

### Fair Competition

We conduct all business dealings with the utmost transparency and integrity, fostering trust and accountability. This includes clear communication, honest representation, and adherence to all applicable laws and regulations.

---

# Commitment to Excellence

---

## **Anti-Corruption Policy**

We have a strict anti-corruption policy and are committed to preventing bribery and corruption in all its forms.

## **Code of Conduct**

We maintain a comprehensive code of conduct that outlines our ethical standards and expectations for all employees and business partners.

## **Responsible Sourcing**

We strive to ensure that our supply chain adheres to ethical labor practices and environmental standards.

## Investing in the Development of Our Team

### **Continuous Training and Education**

We invest in ongoing training and education programs to enhance the skills and knowledge of our employees, ensuring they stay abreast of the latest industry trends and technologies.

### **Professional Development Opportunities**

We provide opportunities for career advancement and professional development, empowering our employees to reach their full potential.

### **Safe and Supportive Work Environment**

We foster a safe, inclusive, and supportive work environment that promotes teamwork, collaboration, and mutual respect.

# Commitment to Excellence

---

## Knowledge Sharing

We encourage internal knowledge sharing, and promote the practice of experienced workers mentoring newer workers.

## Performance Recognition

We recognize and reward employee contributions and achievements, fostering a culture of excellence.

## Adhering to Strict Safety and Environmental Standards

### Safety First Culture

We prioritize safety in all our operations and maintain a strong safety culture that emphasizes prevention and risk mitigation.

### Environmental Responsibility

We are committed to minimizing our environmental impact and promoting sustainable practices. This includes responsible waste management, pollution prevention, and resource conservation.

### Emergency Preparedness

We have comprehensive emergency preparedness plans in place to respond effectively to any unforeseen incidents.

### Compliance with Industry

We adhere to all applicable safety and environmental regulations and industry best practices.

### Regular Safety Audits

We conduct regular safety audits and inspections to identify and address potential hazards.

# Core Services & Products
